WELCOME

You have a business. We help you grow it.

Across Nigeria, thousands of small businesses do excellent work and still struggle to grow. The businesses that move forward are not always the best at the work. They are the ones that price well, build a brand people trust, win clients consistently and manage their money. That is exactly what we teach, around the business you already run.

TWO WAYS TO LEARN WITH US

FOR BUSINESS OWNERS

VAA Business School

Built for SMEs who already do great work and want to grow: pricing, brand, marketing, clients and cash flow. Choose a focused 5-week track or the full 3-month Mini-MBA.

From ₦35,000

FOR NEW SKILLS

VAA Global Academy

The wider VAA Global catalogue: remote-ready skills from virtual assistance and digital marketing to data, design and software, with an SDC Canada-endorsed certificate.

From ₦85,000

Why it works

We focus on what grows a business, not the skill you already have. Everything is live, online and practical, built around the Nigerian market, and every module gives you something you can use that same week.

Six business tracks, one for your industry

Each track runs for five weeks and is a flat **₦35,000**, paid once. You cover branding, pricing, marketing, clients and money, applied directly to your industry, and you finish with a certificate and templates you keep.

1 Fashion & Beauty Business

5 WEEKS · ₦35,000

Build a brand clients recommend and charge prices that match your work.

For: tailors, makeup artists, hair stylists, nail technicians, beauty therapists.

2 Food & Hospitality Business

5 WEEKS · ₦35,000

Consistent orders, repeat customers and prices that cover time and profit.

For: caterers, bakers, cake decorators, confectioners, food vendors.

3 Home Trades Business

5 WEEKS · ₦35,000

Position your business so clients compete for your time, not on price.

For: electricians, plumbers, carpenters, painters, tilers, POP specialists.

4 Automotive & Tech Repairs

5 WEEKS · ₦35,000

Earn more per job and attract clients who value the work you do.

For: mechanics, auto electricians, panel beaters, phone & laptop repairers.

5 Agriculture & Agro-Processing

5 WEEKS · ₦35,000

Take control of your market and pricing so the value stays with you.

For: poultry & fish farmers, crop producers, food processors.

6 Creative Services Business

5 WEEKS · ₦35,000

Package your services, price like a pro and stay booked in advance.

For: photographers, videographers, designers, decorators, printers.

Every track includes

Live online cohort sessions with recordings · business templates (price list, quote, content plan) · certificate of completion · alumni community access · secure payment via Paystack.

The 3-Month Mini-MBA

The complete program for owners who are done playing small. Six business modules across three months, a capstone project, a graduation and a certificate. You leave with a brand, a pricing system, a client pipeline, a clear view of your money and a full business plan.

01

Brand Building & Business Identity

Positioning, identity and messaging that make you the obvious choice.

02

Pricing, Packages & Revenue Strategy

Price from real numbers and defend it with confidence.

03

Marketing, Social Media & Digital Ads

Instagram and Facebook ads, Google My Business and local SEO on a small budget.

04

Client Acquisition, Sales & Systems

A client pipeline and booking process that works whether you are busy or slow.

05

Money Management & Financial Discipline

Separate your money, track profit and plan for slow months.

06

Capstone: Your Complete Business Plan

Build, present and defend a full plan for your business, then graduate.

₹225,000 • certificate included

Flexible payment plans: pay in full, 50% + 50%, or 50% + 25% + 25%. Includes all six modules, monthly deliverables you keep, capstone & defence, graduation ceremony and alumni network access.
